PERSONAL CUSTOMER SERVICE

Why Magnolia?

UNIQUE CUSTOM FORGED IRON.

Our hardware combines style, craftsmanship and quality with outstanding value. Handcrafted from authentic and eco-friendly materials, the hardware features unique magnetic brackets, making it easy to install!

AN EARTH FRIENDLY HOME.

We try to minimize our impact on the earth. By making our products from recycled metal and glass, we have all but eliminated our use of plastics and resins. Finishing is done with low V.O.C. water based paints and gel stains.

TRAVERSE SETS

Baton Drawn

Hand drawn, elegantly crafted traverse rod sets are now available.

Rod sets come with everything you need to get the job done – Including rod, finials, brackets, mounting hardware, master carriers, carriers and batons.

AVAILABLE IN:
Single and double configurations.

- One way draw, single segment traverse rod sets are available up to 96" long.
- Split draw traverse rod sets available up to 192". Split draw rods over 96" shipped in 2 segments.
- 36" or 60" wands available for no extra charge.

Ordering Traverse Sets:

ONE WAY DRAW ROD SETS

Specify "TR" for right draw (opens to the right) or "TL" for left draw (opens to the left). Rod will include one "long arm" master carrier that allow the curtain to close past the end bracket.

SPLIT DRAW ROD SETS

Specify "T" for traverse at the end of the rod set part number on the order form. Rod will include two master carriers that will open from the center of the rod.

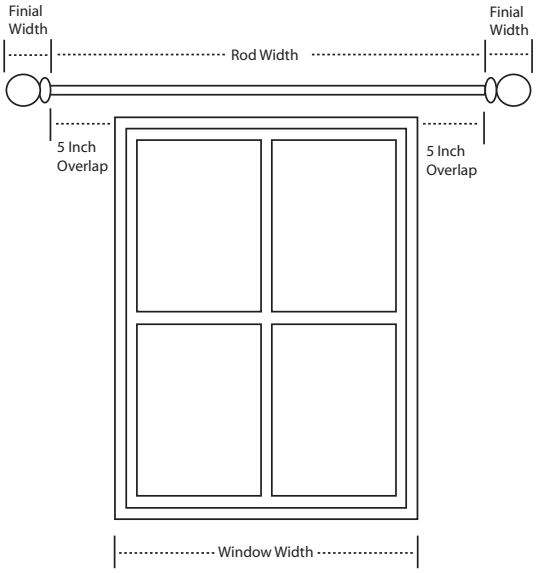
MEASURING GUIDE



DETERMINE YOUR HARDWARE WIDTH:

Rod width does not include the width of the finials on each end. Finials add 2" to 11" in width on each end, depending on the finial style. We recommend a 5" overlap on each side of the window.

For example if your window is 50" wide, you would normally order a 60" length rod and the overall finished width would be 64" to 84" depending upon the finial style.

INSIDE MOUNT MEASURING:

Have customer measure just the opening. Factory will deduct for brackets.

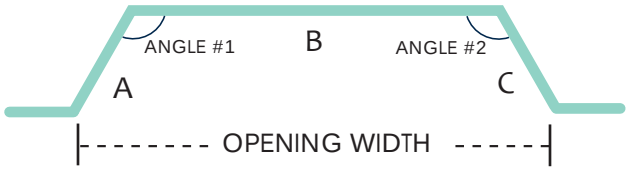
MEASURING TIPS:

- Always use a steel tape measure. All dimensions should be taken to the nearest 1/4 inch.
- Double check to make sure that you haven't transposed width and height measurements.
- Measure every window. Windows that look identical often are not.
- If you have any questions, please contact Customer Service for more information.

BAY WINDOWS MEASURING:

To order a bay window rod set correctly, you need to provide the separate measurement of each section of the bay area wall (shown here as A, B and C) and the degree of each wall angle (shown here as Angle #1 and Angle #2).

If you would like us to determine the angles, you will need to additionally provide the opening width of the bay.



We will calculate your rod size based on these measurements and rod style you select. Our standard calculations allow for the finials to be just short of the outside of the opening. If you wish them to project out past the opening please advise when ordering.

TERMS & CONDITIONS

IMPORTANT INFORMATION

Magnolia sells wholesale to the trade only. All sales are subject to the same terms and conditions as Magnolia.

RETURNS

All rod sets are custom made to your specifications and changes are not possible once your order is in production. No exchanges or refunds. Accessories may be returned with in 30 days of shipment date when authorized by Magnolia and are subject to a 25% restocking charge.

WARRANTY

Magnolia warrants all products to be free from manufacturing defects in materials and workmanship. This warranty does not apply to normal wear and tear, damage from mishandling or inappropriate installation, abuse or exposure to climatic conditions over which Magnolia has no control. This warranty is limited to the replacement of the defective items only.

ORDERING INFORMATION

Please use our order form in the back of the catalog to ensure accurate and timely delivery of orders. Feel free to make copies of the order form as needed.

Standard orders are shipped within 10 business days. Please allow up to 5 business days transit time.

RUSH PRODUCTION:
Please contact customer service to check availability and pricing. Rush production cuts standard production time in half.

EXPRESS SHIPPING:
Please contact customer service for pricing.

Finials and brackets are included in the price of each rod set with the exception of the inside mount rod sets, which include the rod and two inside mount brackets. Longer extension brackets may be substituted for standard brackets at no additional charge. Finials are not interchangeable and are custom made to fit each rod.

To simplify pricing, Estate, Custom Iron and Plantation Wood rods are priced in 2 foot increments, although the rod will be manufactured to the length specified on your order form.

A rod separator is a hidden connector that joins two rod segments. A rod separator is used on all Estate, Custom Iron and Plantation Wood Rods greater than 96" in length (creating two segments) unless specified otherwise on the order. See the rod sizing page for longer rod and single piece options.

Bay window and corner rods are available, but require additional measurements, please call customer service.
